DETAILED ACTION

Rejoining of Claims

1. Claims 1 and 19-37 are allowable. Claims 25 and 35 are previously withdrawn from consideration as a result of a restriction requirement. Pursuant to the procedures set forth in MPEP § 821.04(a), **the restriction requirement between inventions of Specie I, Fig. 4E as set forth in the Office action mailed on 05/28/08, is hereby withdrawn** and claims 25 and 35 hereby rejoined and fully examined for patentability under 37 CFR 1.104. In view of the withdrawal of the restriction requirement, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

2. **Claims 1 and 19-37** are allowed over prior art of record.
3. The following is an examiner's statement of reasons for allowance:

In the **Claim 1** that is written, the prior art fail to show or fairly suggest: wherein the projection has a stacked structure including a plurality of conductors and wherein each of the plurality of conductors is in direct contact with the interlayer insulating film,
along with other limitation of claim 1.

In the **Claim 26** that is written, the prior art fail to show or fairly suggest: wherein each of the first projection and the second projection has a stacked structure, said first projection including a plurality of first conductors and said second projection including a plurality of second conductors; and wherein each of the plurality of first conductors is in direct contact with the interlayer insulating film and each of the plurality of second conductors is in direct contact with the second insulating film,

along with other limitation of claim 26.

In addition, **claims 19-25, 36 and 27-35, 37** also allowed as being directly or indirectly dependent of the allowed independent base claims 1 and 26.

CONCLUSION

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
